WHAT'S WITH HER, IS SHE MAKING FUN OF ME!?
YEAH, I ASKED HER TOO
IS WHAT SHE SAID WHEN SHE HEALED THIS GIRL'S ARM

translation notes

<> Doll Master

From here on out "Doll User" has been changed to "Doll Master," which is how Tennouji has the phrase pronounced later on. x_x I don't know why I didn't notice it sooner. Gomen.

<> Roku-Doushi

OK, another change. Roku is the Japanese pronunciation of 6, so the Roku-Daushi would be the 6 Doushi (doushi meaning "leading gentlemen" if you remember all the way back to chapter 1). I changed '6' to 'Roku' because those zany Yurugahans refer to them as six whether all six are together or if it's only one. So, as you'll see later on in this volume, they'll refer to one of them as 'Roku-Doushi-sama"... why the guys just don't say "Doushi-sama," I have no idea. Oh well. While we're on the subject of doushi, I'll point out something else. That 'camrade' in "Comrade Ortran" is also 'doushi,' but it's a completely different set of kanji. I figured that if I called him a doushi too, it'll just get confusing what with the Roku-Doushi, especially since they carry different meanings. So I just went with the translation. > >

Usual thanks to Sekihoutei, Saru, Levi, Ookamukyoudai and Continuum for any translation help!

Is the "product" that of the author, or does it belong to the readers...? Is it both? Or perhaps neither...? I feel that this is a difficult question. At least as it leaves the hands of the author,it no longer becomes the sole property of the author at the point in time when it is announced. This is because the "product" then becomes that of those who criticize it - the "readers" - who are then entrusted to determine it's worth. But on the other hand, the readers know this. The "product" does not go the way they want it to. So therefore, the author can make the "product" something fun. ...As I thought, it becomes something that belongs to both and yet also belongs to neither...? If I consider this, I end up thinking "Aaah, I want to write an interesting manga!!"...

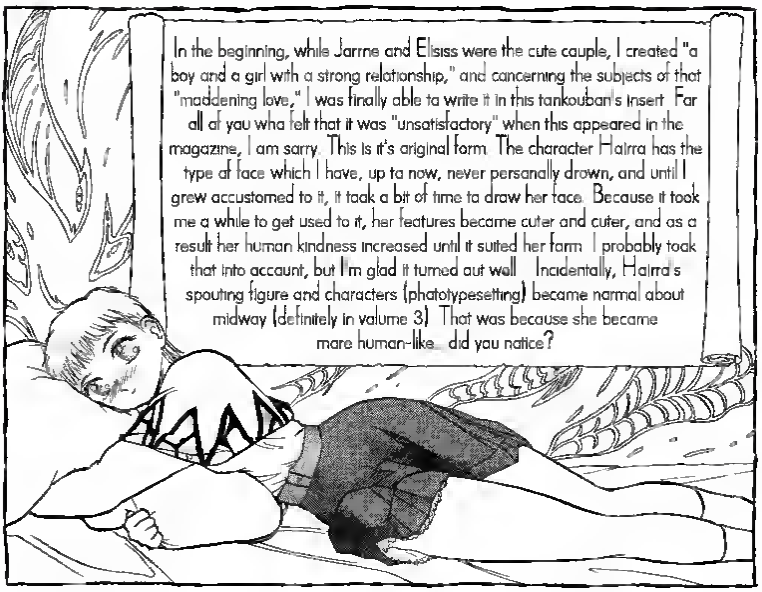
YOU WON'T OVERCOME IT

WON'T YOU ACCOMPANY US?
LADY ELISISS?
THEY AREN'T HUMAN INSIDE!!
THIS FEELING!?
YOU PEOPLE ARE...!?

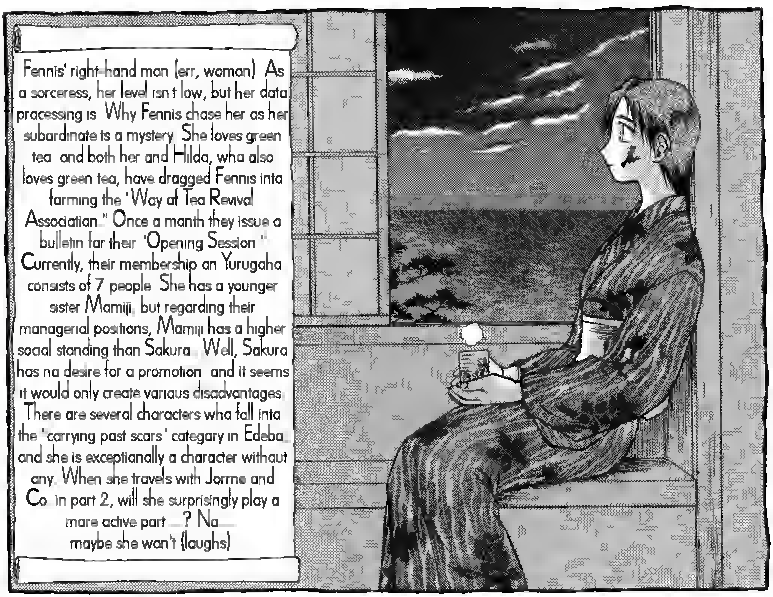
!!
YOU'LL DIE
RIGHT HERE
SORRY, BUT...
HE NEVER SAID ANYTHING ABOUT BRINGING ENEFEAA-SAMA ALONG
ELISISS!!

HAIRRA
ヘアラ



In the beginning, while Jarme and Elsiss were the cute couple, I created "a boy and a girl with a strong relationship," and concerning the subjects of that "maddening love," I was finally able to write it in this tankouban's insert. For all of you who felt that it was "unsatisfactory" when this appeared in the magazine, I am sorry. This is it's original form. The character Hairra has the type of face which I have, up to now, never personally drawn, and until I grew accustomed to it, it took a bit of time to draw her face. Because it took me a while to get used to it, her features became cuter and cuter, and as a result her human kindness increased until it suited her form. I probably took that into account, but I'm glad it turned out well. Incidentally, Hairra's spouting figure and characters (phototypesetting) became normal about midway (definitely in volume 3). That was because she became more human-like... did you notice?

SAKURA
サクラ



Fennis' right-hand man (err, woman). As a sorceress, her level isn't low, but her data processing is. Why Fennis chose her as her subordinate is a mystery. She loves green tea, and both her and Hilda, who also loves green tea, have dragged Fennis into forming the "Way of Tea Revival Association." Once a month they issue a bulletin for their "Opening Session." Currently, their membership on Yurugaha consists of 7 people. She has a younger sister Mamiji, but regarding their managerial positions, Mamiji has a higher social standing than Sakura. Well, Sakura has no desire for a promotion, and it seems it would only create various disadvantages. There are several characters who fall into the "carrying past scars" category in Edeba, and she is exceptionally a character without any. When she travels with Jorme and Co. in part 2, will she surprisingly play a more active part —? Na— maybe she won't (laughs)

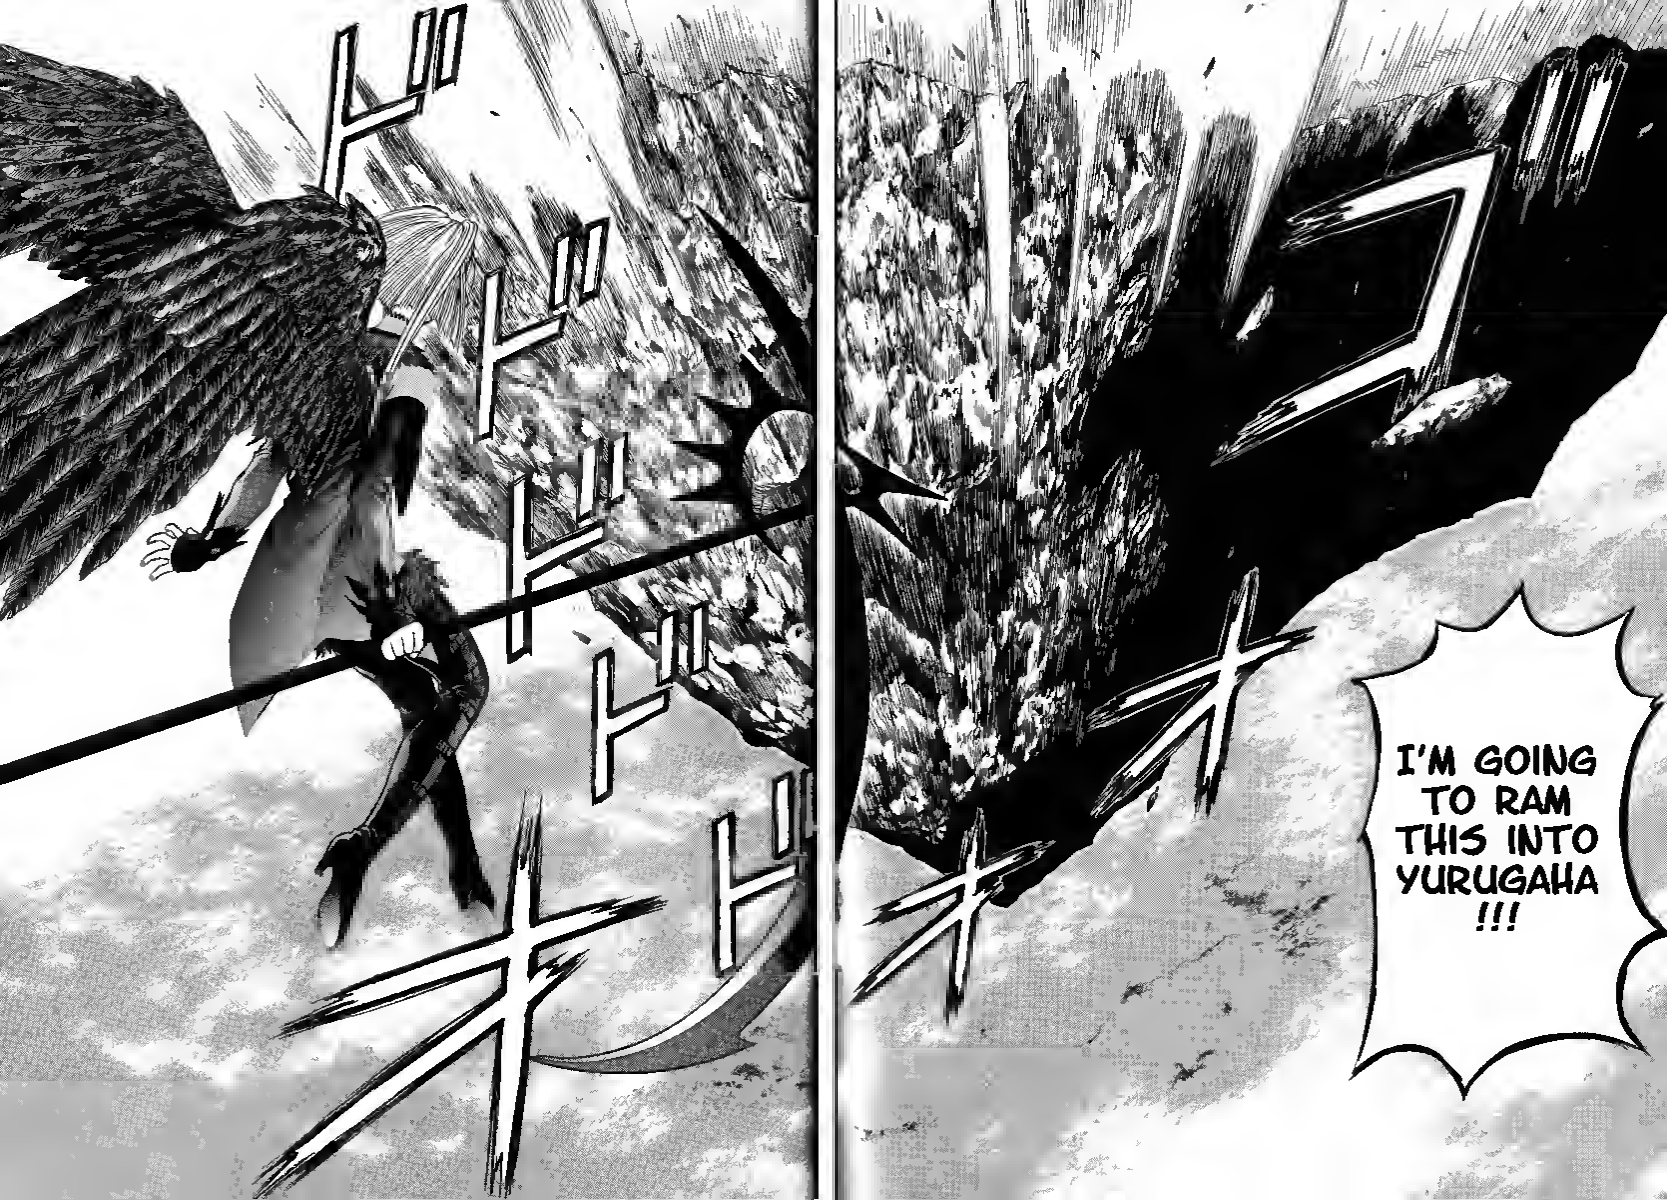
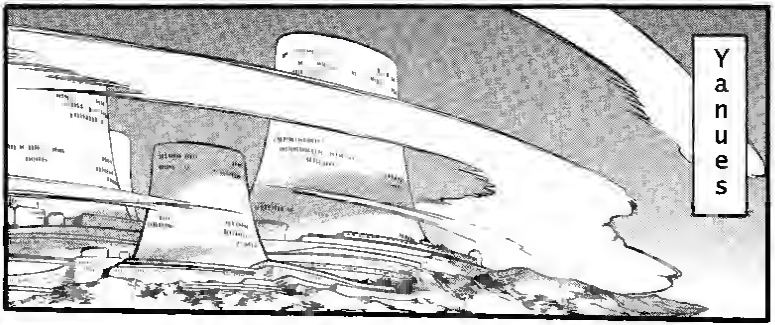
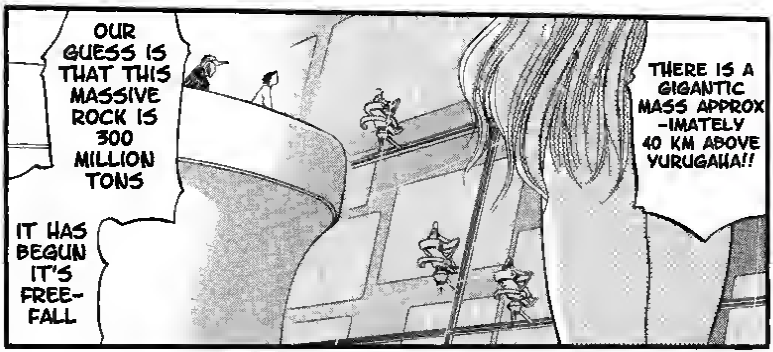
YOU... FOR WHAT REASON ARE YOU DOING-
I WON'T GIVE YOU TIME TO REGENERATE
WHAT REASON ...?
ISN'T IT OBVIOUS?



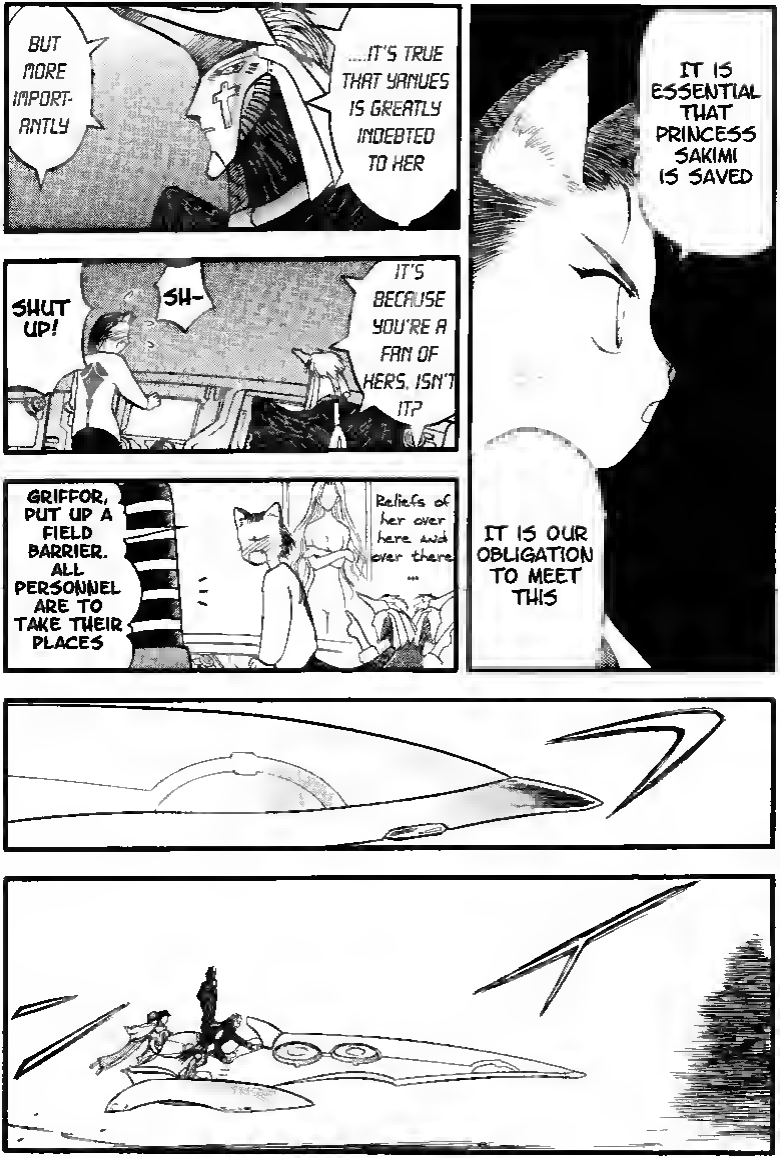
I'M GOING TO RAM THIS INTO YURUGAHA !!!





OUR GUESS IS THAT THIS MASSIVE ROCK IS 300 MILLION TONS
IT HAS BEGUN IT'S FREE-FALL
THERE IS A GIGANTIC MASS APPROX-IMATELY 40 KM ABOVE YURUGAHA!!

*The flowing Field in the center of the earth



BUT MORE IMPORT-ANTLY

IT IS ESSENTIAL THAT PRINCESS SAKIMI IS SAVED

PERHAPS... IT COULD BE THAT CUT-UP MOUNTAIN RANGE THAT WIETOO REPORTED
THIS MASSIVE ROCK HAS BEGUN IT'S FREEFALL FROM 40KM IN THE SKY
IN THE LEAST, IT'S NOT ANY KIND OF METEO -RITE
A 300 MILLION TON CHUNK OF ROCK IS FALLING!?
WHAT THE HELL DO YOU MEAN?
I CAN ONLY THINK THAT THIS 'SOMETHING' TRANSPORTED THE MOUNTAIN FAR UP INTO THE SKY
TO THE EAST OF RUBIDO, SOMETHING CARVED OUT A 1,000 METER-WIDE MOUNTAIN
THIS ISN'T THE ACT OF A HUMAN
THAT'S RIGHT IF YOU CONSIDER IT SENSIBLY

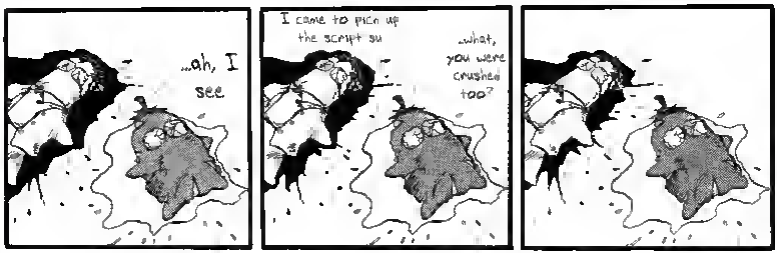
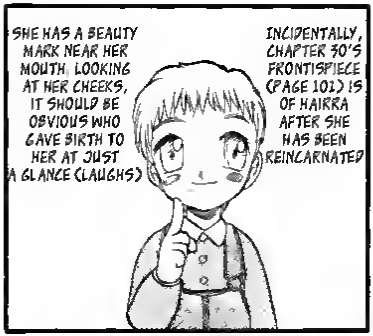
IT'S BEEN A WHOLE YEAR SINCE WE'VE SEEN EACH OTHER. THIS IS THE 5TH VOLUME
I BOUGHT A MAC. HAVEN'T DRAWN ANY ECCHI PICTURES THOUGH





SHE HAS A BEAUTY MARK NEAR HER MOUTH. LOOKING AT HER CHEEKS, IT SHOULD BE OBVIOUS WHO GAVE BIRTH TO HER AT JUST A GLANCE (LAUGHS)
INCIDENTALLY, CHAPTER 30'S FRONTISPIECE (PAGE 101) IS OF HAIKRA AFTER SHE HAS BEEN REINCARNATED

The stuffed doll majuu that Haikra was hugging on page 104, Tomomo It seems they were a fad in Yuruyaka in those days!
SOMEHOW, IT BECAME THIS... WITH THAT SORT OF FEELING
AT THE TIME OF THE SERIALIZATION, I WAS DISSATISFIED WITH LEAVING OUT THE STORY BETWEEN WIETOO AND HAIKRA, SO I INCLUDED A LARGE-SCALE STORY

THE NEXT VOLUME WILL BE OUT QUICKLY (SERIOUSLY)!!
I also bought a Wacom
IN THE NEXT VOLUME, 6TH PART 1 OF EDEN'O WILL DRAW TO A CLOSE.
